

A team in motion.

We are leaders in the development and installation of customized control solutions in the field of intralogistics. Our teams are active throughout Europe and work in a family-like environment that respects the value of their performance. At our site in Ettlingen, we employ around 200 people from over 28 nations. Our international clients, such as Amazon, DHL, Kaufland, Würth and Berlin airport, appreciate our modern work mentality and have been relying on our support for years.

Join us in shaping the intralogistics solutions of tomorrow and become part of our team in **Ettlingen, Baden-Württemberg** as:

Senior Expert Mechanical Service & After Sales (Intralogistic) (all genders) - full-time (40 hrs)

Where you keep things moving

- **You will develop** the **mechanical service** into a standalone product within the project business and establish sustainable **after-sales structures**
- **You will integrate** bespoke **service concepts** and spare parts packages into our **main contractor quotations** at an early stage
- **You will coordinate** external **service partners** and **suppliers** and review their documentation regarding mechanical spare parts and serviceability

- **You will plan mechanical maintenance**, define fixed **maintenance cycles** and thereby ensure **maximum plant availability**
- You will have strategic **responsibility** for **life-cycle management** based on **component criticality** and **technical alternative solutions** for obsolete or no-longer-available mechanical components

How to reach your destination

- **Technical training** (e.g. mechatronics, plant engineering) with further training leading to a technician or master craftsman qualification, or an equivalent qualification
- **Several years' experience** in the servicing or maintenance of material handling/intralogistics systems
- **Knowledge of mechanical components** (drive technology, sensor technology, sorting systems; ideally specialised units such as shoe sorters, etc.)
- **Experience in project-based** business (ideally in a general contractor environment)
- **Knowledge** of technical sales, after-sales services or service offerings
- Experience in **spare parts management** and **technical documentation**

Benefits all the way

- A **structured onboarding process**, personalised mentoring and professional dialogue with colleagues will ensure you to get off to a good and clear start
- Up to **50% remote working** is possible – as well as a **permanent workplace** at our site in Ettlingen

Not yet in Ettlingen?

We will help you to settle in quickly, no matter what stage of life you are in – we will find a solution. If you move to Ettlingen, you will receive a relocation allowance from us. If you are not yet proficient in German or English, you can take part in language courses free of charge. There is also a subsidy for childcare, because it is important to us that your family feels at home here.

Your salary will depend on your qualifications and experience and will be discussed with you personally.
