

A team in motion.

As a general contractor we carry out sophisticated automation and intralogistics projects for well-known clients such as Amazon, DHL, Kaufland or Berlin Airport. From the initial project concept to successful commissioning we develop customized solutions that set new standards. Our teams operate throughout Europe and work in a family-like environment, free from the typical corporate mindset. At our location in Ettlingen we employ around 200 people from over 28 countries.

Join our groundbreaking projects and become part of our team in Ettlingen, Baden-Württemberg as:

Project Manager Automation & Intralogistics (all genders) - full-time (40 hrs)

Where you keep things moving

- You will assume overall responsibility for **challenging general contracting projects** in the field of intralogistics and material handling technology.
- You will **manage projects** with regard to quality, costs, deadlines and scope of work maintaining a clear overview at all times.
- You will coordinate **internal departments as well as external partners and subcontractors** to ensure that projects run smoothly.

- You will serve as the **primary point of contact** for our customers and confidently guide the project team through all project phases.
- You will identify **opportunities and risks** early and implement appropriate measures to ensure successful project execution.
- You will **oversee** commissioning, acceptance testing as well as the successful handover to the customer.

How to reach your destination

- A successfully completed **technical degree** or **comparable qualification**.
- **Several years of experience** managing complex projects—ideally in the fields of intralogistics, material handling, custom machine building or plant engineering.
- A strong technical understanding as well as a **business-oriented mindset and approach**.
- Excellent **communication skills**, **negotiation skills** and a **confident demeanor** when interacting with customers, suppliers and interdisciplinary project teams.
- **Willingness to travel** for project-related appointments.
- A structured, independent and solution-oriented **approach to work**.

Benefits all the way

- A structured onboarding process, personalized mentoring and professional dialogue with colleagues will ensure you to get off to a smooth and clear start
- Company car and company mobile phone, also for personal use
