

A team in motion.

We are leaders in the development and installation of customized control solutions in the field of intralogistics. Our teams are active throughout Europe and work in a family-like environment that respects the value of their performance. At our site in Ettlingen, we employ around 200 people from over 28 nations. Our international clients, such as Amazon, DHL, Kaufland, Würth and Berlin airport, appreciate our modern work mentality and have been relying on our support for years.

Join us in shaping the digital solutions of tomorrow – help us develop further our in-house applications and join our team in Ettlingen, Baden-Württemberg, as:

Software Developer (all genders) - full-time

Where you keep things moving

- You will continue to develop our **in-house software solutions** using C# and WPF.
- You will translate requirements from the business departments into **practical new solutions**.
- You will develop **applications** and **solutions** within the context of our ERP system and ensure integration and data exchange with SharePoint and other systems.
- You will continuously refine our existing **SharePoint applications**, **optimise existing functions** and independently implement new requirements from the business departments.

- You will document your solutions in a clear and comprehensible manner and support users through **training** and **expert support**.
- You will keep abreast of the latest **developments** in **software development** and **AI** and introduce interesting opportunities for practical application within our company.

How to reach your destination

- A completed **qualification** in the **IT sector** with **several years' professional experience** or a **degree in Computer Science** or a **comparable qualification**
- Excellent knowledge of **.NET, C#, WPF, MS SQL and T-SQL** as well as an interest in continuously deepening your knowledge of these technologies and learning about new ones
- Ideally, experience in **SharePoint development** and in working with **ERP systems** and **interfaces**
- An **analytical and structured approach to work** as well as the ability to take requirements from business departments and translate them into **technical solutions**
- Strong **communication skills** and the ability to work well in a **team** as well as a passion for advising, supporting and training our users
- **Independence, attention to detail** and a **strong sense of responsibility**
- Good command of **German and English**

Benefits all the way

- A structured onboarding process, personalised mentoring and professional dialogue with colleagues will ensure you to get off to a good and clear start
- For this position - depending on your qualifications and experience - a gross monthly salary of € 4,000 to € 5,400 (full-time) is planned

Not yet in Ettlingen?

We will help you to settle in quickly, no matter what stage of life you are in – we will find a solution. If you move to Ettlingen, you will receive a relocation allowance from us. If you are not yet proficient in German or English, you can take part in language courses free of charge. There is also a subsidy for childcare, because it is important to us that your family feels at home here.

Your salary will depend on your qualifications and experience and will be discussed with you personally.
