

A team in motion.

We are leaders in the development and installation of customized control solutions in the field of intralogistics. Our teams are active throughout Europe and work in a family-like environment that respects the value of their performance. At our site in Ettlingen, we employ around 200 people from over 28 nations. Our international clients, such as Amazon, DHL, Kaufland, Würth and Berlin airport, appreciate our modern work mentality and have been relying on our support for years.

Join us in shaping the intralogistics solutions of tomorrow and become part of our team in **Ettlingen, Baden-Württemberg** as:

Mechanical System Designer Intralogistic/Conveyor technology (all genders) - full-time (40 hrs)

Where you keep things moving

- You will develop and refine layout concepts in the field of **mechanical plant design** taking into account material flow, space constraints and safety requirements
- **You will consolidate external layouts** by integrating and harmonising the mechanical layouts of several suppliers into a complete, collision-free overall layout
- You will liaise with suppliers to clarify **technical details** and ensure the correct implementation of layout specifications

- You will carry out **plausibility, collision and installation space checks** in 2D/3D
- You will maintain and develop **standard libraries, symbols, macros and templates** to improve efficiency in layout processing
- You will **support the project management team** with layout meetings, layout status updates, project approvals, installation planning, client acceptance, tender documents and project support
- You will **support the sales team** in assessing client requirements, preparing quotation layouts and carrying out measurements and site surveys at the client's premises

How to reach your destination

- **Mechanical engineering technician** or a **comparable qualification**
- Experience in planning **intralogistics or mechanical engineering projects** would be an advantage
- Very good **CAD skills** in 2D/3D
- An independent, structured and goal-oriented **approach to work**
- Good **command of German and English**

Benefits all the way

- A **structured onboarding process**, personalised mentoring and professional dialogue with colleagues will ensure you to get off to a good and clear start

Not yet in Ettlingen?

We will help you to settle in quickly, no matter what stage of life you are in – we will find a solution. If you move to Ettlingen, you will receive a relocation allowance from us. If you are not yet proficient in German or English, you can take part in language courses free of charge. There is also a subsidy for childcare, because it is important to us that your family feels at home here.

Your salary will depend on your qualifications and experience and will be discussed with you personally.
