- You are the **contact person** for managers and employees on all matters of workplace safety.
- You **plan** and **coordinate** measures from risk assessments, safety inspections and prevention programs.
- You **organize** briefings and training sessions and ensure their documentation.

- You **analyze** workplace accidents, initiate improvement measures and oversee their implementation.
- You **create** and **maintain** work instructions as well as the required occupational safety documentation.
- You **work** closely with our safety specialist, company doctor, as well as authorities and external partners.
- You **support** audits and help ensure that legal and company health and safety standards are met.

How to reach your destination

- You have **completed** a technical or commercial vocational **training**.
- You are **interested** in topics like occupational safety, workplace and health protection and want to advance in this area.
- Ideally you have already gained **some practical experience**.
- You work in a **structured, reliable, and independent** way.
- You approach people openly and **communicate confidently** with different contacts.
- Responsibility, organizational skills and assertiveness are among **your strengths**.

Benefits all the way

- A structured onboarding process, personalised mentoring and professional dialogue with colleagues will ensure you to get off to a good and clear start
- For this position - depending on your qualifications and experience - a gross monthly salary of € 1,400 to € 2,000 (part-time 20 hours) is planned
